Nutritional Information

Average per 100 g

Note: The nutrient information provided by Puratos Corporation is based upon the USDA database and other sources, including suppliers' data sheets. All these are reliable sources; consequently the correlation between the calculated values and the lab analyses is normally excellent. However, there is no guarantee that the nutrient values provided by Puratos Corporation will match the analytical results. These values should be confirmed by actual analysis, whenever required by existing regulations.

Food Contaminants

Raw materials are guaranteed food grade in conformity with the applicable legislation on:

- Mycotoxins
- Heavy metals
- Pesticide residues
- Microbiology

Indicative Microbiological Values

Description	Specification
Total Viable Count	5000 CFU/g
Yeast	100 CFU/g
Mold	100 CFU/g
Salmonella	Absence (/25g)
E. coli	< 10 CFU/g
Total Coliforms	10 CFU/g

GMO Information

This product contains ingredients directly derived from genetically modified crops (excluded growth media and products of fermentation).

Bioengineering Statement

Based upon the documents provided to us by our raw material suppliers, the product contains a bioengineered food ingredient (BE). Per NBFDS (National Bioengineered Food Disclosure Standard) 7 CFR Part 66, this product requires mandatory Bioengineering Disclosure.

Irradiation Information

The product has not been treated with ionising radiation and does not contain irradiated ingredients.

Sewage Statement

Puratos Corporation affirms that at no point in our process is this product derived from, produced using, or handled with sewage sludge.
